

Certification of Availability of Funds

Fiscal Year _____

Agency: _____

Project: FTS2001 Services and Equipment

The Designated Agency Representative (DAR) for the above referenced agency, as authorized by its contracting officer, certifies to Sprint that, subject to the availability of funds as contained in clause I.11 (552.232-77), sufficient funds have been made available or will be made available for the payment of all proper invoices associated with the performance of all service orders to be submitted to Sprint during the fiscal year _____.

If a service order is submitted to Sprint for which funds are not adequate to fund performance for the remainder of the fiscal year in which the order was received, it shall be deemed to be a contract action authorizing the expenditure of funds of the following fiscal year under FAR 32.703-2 for, "operation and maintenance and continuing services for which Congress previously had consistently appropriated funds". Funds for the succeeding fiscal year, if available, will be used to compensate Sprint for any and all services or equipment provided under that service order.
